TRAXXAS®

K5 Blazer

HIGH TRAIL ADVENTURE

Traxxas High Trail Edition™ TRX-4® models are the biggest and baddest trucks on the trail, and now classic Blazer fans have reason to celebrate. The 1972 Chevrolet® K5 Blazer gets the full High Trail treatment with a big, lifted stance and beautifully detailed body. The factory-installed Long Arm Lift Kit boosts the Blazer's ground clearance by more than an inch with larger 2.2" wheels and tires to conquer the roughest terrain. K5 Blazer High Trail Edition delivers more of what you crave—extreme all-terrain capability, stunning scale looks, and Traxxas-Tough™ durability.

CHEVROLET K10

CUSTOMER TARGET DEMOGRAPHICS

TRX-4 Owners

All the scale realism of a custom rig with a massive lift, and bigger tires built Ready-to-Drive® by Traxxas.

Mud Truck Fans

Exploring muddy trails is no problem with the higher ground clearance and patented waterproof electronics.

Chevrolet Enthusiasts

Fans of the "Bow Tie" will naturally want to own a lifted 4WD Chevy K5 Blazer with classic style.

LINEUP & PRODUCT POSITION

TRX-4 Sport

A lighter, performance driven approach to outdoor adventure.

TRX-4 Bronco

Rugged off-road performance with an officially-licensed clipless body.

TRX-4 F-150

A beautifully detailed Ford® F-150® body with extended chassis and high-performance lift kit.

TRX-4 K5

The latest High Trail Edition TRX-4 loads Chevy fans up with extreme capability and bright chrome details.

TRX-4 K10

Extreme all-terrain capability with lifted chassis, 2.2" wheels, and highly detailed clipless body.

DISPLAY IT IN YOUR STORE

Remove your TRX-4 High Trail Edition K5 Blazer from the box and display it prominently in your store. Encourage customers to try out the simplicity of Traxxas' clipless body technology and appreciate the smooth flowing lines of the stunning replica K5 Blazer body. Your customers will see the performance benefits that come from the factory-installed Long Arm Lift Kit and oversize 2.2" chrome wheels and tires.
